

# JUST JUMP WA PARKOUR PARENTS FAQ'S

## Classes

Even though we run all year and kids can start whenever they need to, this is the structure of our classes.

Weeks 1, 4 & 7 are new skill weeks, these weeks the kids will not be moving as much but they must listen. This is when we introduce new skills and it takes a bit longer for the kids to get around the circuits.

Weeks 2, 5 & 8 are weeks that if missed are not critical but they practice the skills from the previous weeks ready for assessment.

Weeks 3, 6, 9 & 10 are assessment weeks. These weeks we assess the skills they have been learning for two weeks.

Approximate time it takes to pass each level:

- Parkour Basic is 2 terms or 6 months
- Parkour 1 is 12 months or 4 terms
- Parkour 2 is 2 years or 8 terms.

This is the average, but the area's that will slow kids down on getting through the skills are:

- Core strength
- Trying to complete moves too quickly
- Not listening
- Missing classes

We do NOT fail anyone. They either pass the skill or it needs work.

## Fees

Classes are \$190 for a 10 week term for non-members. \$130 for a 10 week term for members (extra fees apply) or \$20 per casual session.

Kindy and homeschool classes are \$120 for a 10 week term

Direct Debit is now available

Casual attendees must pay before class each week.

If you are a new starter we always recommend the first class as a casual and then this can come off the fees if you want to continue for the rest of term.

## Non Attendance

If your child attends some classes and the discussion is to continue and pay full fees but then they stop attending, you will be invoiced for the classes that are attended at \$20 per class. This must be paid otherwise debt collection may be actioned.

If your child doesn't attend classes for 3 weeks in a row without a written reason, we will remove them from the class and invoice you. Please email all notifications of absences to [justjumpwa@gmail.com](mailto:justjumpwa@gmail.com).

Please note that the position your child was in will be refilled from our waitlist and your child will no longer be able to attend and will go to the back of the waitlist if they do want to return.

## **Re-enrolment**

For classes that are run afterschool there is no re-enrolment. But if they don't attend for 3 classes in a row without written notification they will be removed from the class. If on direct debit this will continue until we are notified.

For home school and kindy classes, these classes only run for 10 week blocks during school term and re-enrolment is always required. Re-enrolment is available from week 7 of the classes.

## **Instructors**

Our senior instructors all have a minimum of 7 years active practice. Our curriculum and assessment guides have been created with their assistance.

Our Junior/ assistant instructors all have a minimum of 2/3 years active practice or have passed our curriculum.

They are very knowledgeable but please understand that some are still learning their best teaching practices.

## **Siblings attending the centre during classes**

All siblings that attend the centre during classes can be paid for to jump on the trampolines for an hour. It is \$5 per jumper. They will get some time in the parkour area if the class goes to free time.

We also have free WiFi available and there is a TV upstairs if jumping is not their thing.

## **Kids Sport Vouchers**

Sorry but we are NOT recognised as yet. We have been trying for 3 years and keep getting rejected at the Sport and Recreation (WA) stage which is the last one.

The main reason is because Parkour is not recognised as a sport in any form yet and it has to do with the current governing body for Parkour in Australia.

We will continue to try and let you know when we have success.

If you have any other questions please ask, we will update this document as we get questions.

Thank you
